INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

MOTOR VEHICLE TRANSPORT ACT, 1987 LOI DE 1987 SUR LES TRANSPORTS ROUTIERS

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

(2) Section 2a of the Act does not apply to a disposition of a beneficial interest in land if it is an interest of a partner in a partnership and if the person acquiring the interest would not be entitled, during the fiscal year of the partnership in which the disposition was made, to a percentage of the profits of the partnership, assuming the partnership had profits to distribute, that exceeds by more than 5 per cent the percentage of the profits to which the person would have been entitled at the beginning of the fiscal year. REGULATION TO AMEND ONTARIO REGULATION 569/89 MADE UNDER THE INCOME TAX ACT

1. Section 2 of Ontario Regulation 569/89 is revoked and the following substituted:

2.—(1) For the purposes of section 6 of the Act, the individual's personal amount for the 1990 and subsequent taxation years is determined by the formula,

where,

"A" is the total of \$200 for each child who is a dependant of the individual and who was under 18 years of age at any time in the taxation year, and

"B" is the total of \$200 for each infirm or disabled dependant of the individual.

(2) An individual may only include a calculation under "A" in the formula under subsection (1) with respect to a particular dependant child if the individual is deducting an amount under paragraph 118 (1) (b) of the Federal Act ("the equivalent to married deduction") or is deducting more than 50 per cent of the maximum amount allowed in respect of the child under subparagraph 118 (1) (d) (i) of the Federal Act ("the dependant child deduction").

(3) An individual may only include a calculation under "B" in the formula under subsection (1) with respect to a particular infirm or disabled dependant if the following requirements are met:

1. Only one individual may include an amount under "B" in the formula with respect to a particular dependant.
2. If an individual has included an amount under "A" in the formula, only that individual may make a calculation in respect of that child under "B".
3. The individual must be deducting more than 50 per cent of the amount deductible under subsection 118.3 (2) of the Federal Act ("the mentally or physically impaired dependant deduction") if the dependant,
 - i. is a child in respect of whom the individual is including an amount under "A" in the formula, or
 - ii. is a child who is under 18 years of age at any time in the year and in respect of whom no deduction is made either by the individual or by another supporting individual under the equivalent to married deduction or the dependant child deduction.
4. If the dependant is 18 years of age or older on the 31st day of December of the previous taxation year, the individual must be making a deduction under the mentally or physically impaired dependant deduction or must be entitled to deduct an amount under the equivalent to married deduction or subparagraph 118 (1) (d) (ii) of the Federal Act ("adult infirm dependant deduction").
5. If the dependant is a spouse of the individual, the dependant must be entitled to claim a credit under subsection 118.3 (1) of the Federal Act in respect of a mental or physical impairment and must be transferring some portion of the credit to the individual under section 118.8 of that Act.

(4) If two individuals each deduct 50 per cent of the amount deductible under the mentally or physically impaired dependant deduction or the dependant child deduction in respect of the same dependant, only the individual having the lower income, as calculated under clause 7 (1) (b) of the Act, may include an amount under "A" or "B" of the formula in subsection (1) in respect of that dependant. O. Reg. 72/91, s. 1.

(4) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program may be increased by multiplying the fee by a factor agreed upon by the board and party from whom the fees are receivable when,

- (a) the ratio of the A.D.E. of such pupils registered in a high cost program for whom fees are receivable by the board from such party to the A.D.E. of pupils enrolled in such high cost program conducted by the board,

is greater than,

provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils and deducting from the total thereof the general legislative grants payable to the board for such year, except a grant that is equal to the cost of education;

- (b) dividing the amount determined under clause (a) by the sum of the days on which each pupil is enrolled at the school; and
- (c) multiplying the amount determined under clause (b) by the number of days for which the pupil whose fee is being calculated is enrolled at the school. O. Reg. 88/91, s. 4.

Fees Charged to Parents Residing in Ontario

5.—(1) The fee charged by a board in respect of a pupil whose parent or guardian is resident in Ontario, other than a pupil whose fee is receivable from another board, from Canada or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians, shall not exceed the fee referred to in subsection (3) or (4), as the case requires.

(2) Subsection (1) does not apply to a board that is appointed under section 70 of the Act.

(3) The fee in respect of one or more pupils who reside with their parent or guardian in a school section, separate school zone or secondary school district on land that is exempt from taxation for school purposes shall not exceed,

- (b) \$74 for each month such pupil or pupils are enrolled in a secondary school operated by the board.

(4) In the case of a pupil who is qualified to be a resident pupil of a school section, separate school zone or secondary school district, the fee in respect of the pupil shall not exceed, for each month the pupil is enrolled, the greater of,

- (a) \$74; and
- (b) one-tenth of the sum of,

- (i) the quotient obtained by dividing,

- (A) the board's estimate of the excess of its O.E. for the year over its R.O.E.,

by,

- (B) the A.D.E. of the board for the year that is in respect of resident-internal and resident-external pupils of the board, and

- (ii) the P.A.C.

(5) If a pupil is enrolled in a high cost program, the amount calculated under subsection (4) may be increased by an amount that does not exceed the additional cost to the board of providing the high cost program to the pupil. O. Reg. 88/91, s. 5.

Fees Charged to Parents not Residing in Ontario

6.—(1) The fee in respect of a pupil whose parent or guardian does not reside in Ontario shall be such fee as the board providing the instruction to the pupil may determine and, except as is provided in subsection (3), shall not exceed the product obtained by multiplying one-tenth of the sum of the quotient determined under clause 3 (1) (a) and the P.A.C. for the pupil by the number of months during which the pupil is enrolled in such year in a school operated by the board.

(2) Subsection (1) does not apply to a pupil to whom subsection 48 (6) of the Act applies.

(3) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program shall be determined by multiplying the fee determined under subsection (1) by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable. O. Reg. 88/91, s. 6.

Fees for Programs in Facilities

7.—(1) The fee charged by a board in respect of a pupil who is not qualified to be a resident pupil of the board and for whom an educational program is provided in a hospital or treatment centre shall be such fee as may be agreed upon between the board that provides the program and,

- (a) the board of which the pupil is qualified to be a resident pupil; or
- (b) if the pupil is not qualified to be a resident pupil of a board, the parent or guardian of the pupil.

(2) Subsection (1) does not apply to a board that provides the educational program if the board,

2.—(1) A mining claim shall be staked out so that it,

- (a) consists of one or more square 16-hectare units;
- (b) has a contiguous area of not less than 16 hectares, more or less, and not more than 256 hectares, more or less;
- (c) has boundaries running north and south and east and west astronomically; and
- (d) has the form of a rectangle.

(2) The size of a mining claim shall as nearly as practicable be a multiple of 16 hectares.

3.—(1) An irregular area of land lying between land not open to be staked out, or bordering on water, may be staked out with boundaries coterminous to the land or water, but the mining claim shall be made to conform as nearly as practicable to the form and size specified in section 2.

(2) Land covered with water may be included in a mining claim in the same way as land not covered with water. O. Reg. 115/91, s. 3.

4. Sections 5 to 7 apply with respect to mining claims staked out in surveyed territory other than an annulled part of a subdivided township. O. Reg. 115/91, s. 4.

5.—(1) A mining claim shall be staked out so that it,

- (a) has an area of not more than 256 hectares, more or less, and not less than the minimum size specified in this section;
- (b) has boundaries coincident with or parallel to lot or concession lines established by the original survey; and
- (c) has the form of a rectangle or parallelogram.

(3) The boundaries of a mining claim shall extend downwards vertically on all sides.

(4) The length of any boundary of a mining claim shall not exceed 3,200 metres, more or less, and shall not exceed four times the length of any other boundary.

(5) Every survey of a mining claim,

- (a) shall describe the parts of the lots or sections shown on the original survey of the township that are included within the limits of the claim, together with their areas; and
- (b) shall be governed by the lot and concession lines established by an existing survey and not by the location of corner posts.

(6) In a township surveyed into sections of approximately 260 hectares that are subdivided into quarter sections or subdivisions containing approximately 65 hectares, a mining claim of minimum size shall contain 16 hectares, more or less, and shall consist of the northeast, northwest, southeast or southwest quarter of a quarter section or subdivision.

(7) In a township surveyed into lots of approximately 130 hectares, a mining claim of minimum size shall contain 16 hectares, more or less, and shall consist of the northeast, northwest, southeast or southwest quarter of the north half of a lot or an equivalent quarter of the south half of a lot.

6.—(1) A mining claim shall be staked out in accordance with this section if it is impossible to stake out a claim of the applicable form and size specified in section 5 because the lot or subdivision of a section being staked out is covered with water or is irregular in form or for some other reason relating to the nature of the lot or subdivision.

(2) The mining claim shall as nearly as practicable be of the applicable form and size specified in section 5.

(3) The mining claim shall have such, if any, of its boundaries as can be so made coincident with boundary lines of the lot or subdivision of a section being staked out and shall have as many as possible of its boundaries that are not so coincident parallel to boundaries of the lot or subdivision that are straight lines.

(4) If necessary in order to procure the applicable size specified in section 5, the mining claim,

- (a) may extend into any part of the lot or subdivision of a section being staked out; and
- (b) may include land lying between parcels of land not open to be staked out or between such land and the lot or subdivision of a section being staked out. O. Reg. 115/91, s. 6.

7. Land that would otherwise be included in the area of a lot or subdivision of a section, but that is excluded from the lot or subdivision because it is covered with water or for some other reason, may be included in a mining claim as if it were part of the lot or subdivision. O. Reg. 115/91, s. 7.

8.—(1) The staking out of a mining claim shall be a continuous action.

(2) A licensee shall stake out a mining claim by erecting a post at each of the four corners of the claim so that,

- (a) the No. 1 post is at the northeast corner;
- (b) the No. 2 post is at the southeast corner;
- (c) the No. 3 post is at the southwest corner; and
- (d) the No. 4 post is at the northwest corner.

(3) A corner post tag affixed to a corner post shall face the next post following the post in the order specified in subsection (2).

(4) Where there are standing trees on the area being staked, the perimeter of the mining claim shall be clearly marked during staking by plainly blazing the trees on two sides only in the direction of travel and by cutting the underbrush along the boundary lines of the claim.

(5) Despite subsection (4), the perimeter of a mining claim or portion of a claim located in an area referred to in subsection 33 (1) of the Act may be clearly marked by securely affixing durable flagging tape to standing trees and underbrush along the boundary lines of the claim.

(6) Where there are no standing trees on the area being staked, the perimeter of the mining claim shall be clearly marked during staking by erecting durable pickets or monuments of earth or rock along the perimeter so that the boundary lines of the claim are clearly outlined.

(7) A licensee staking out a claim may use other persons to assist him or her in constructing posts and marking the perimeter of the claim.

(8) If a claim is staked in an area open to staking for twenty-four hours or more, the licensee shall inscribe on one of the corner posts the date and time of completion of the staking.

(9) If the area to be staked has been open to staking for less than twenty-four hours,

- (a) the staking shall commence in the northeast corner of the mining claim and proceed in a clockwise direction;
- (b) a single licensee shall erect and inscribe all posts; and
- (c) the date and time of commencement and completion of the staking shall be inscribed on the No. 1 post. O. Reg. 115/91, s. 8.

9.—(1) If a mining claim consists of a block of two or more 16-hectare units and is staked out in unsurveyed territory or an annulled part of a subdivided township, line posts shall be erected along the perimeter of the claim at 400 metre intervals, more or less.

(2) If a mining claim consists of a block of two or more 16-hectare units and is staked out in surveyed territory other than an annulled part of a subdivided township, line posts shall be erected at all locations where the corner of a lot or subdivision of a section lies on the perimeter of the claim. O. Reg. 115/91, s. 9.

10.—(1) Witness posts shall be erected in accordance with this section for a corner of a mining claim at which it is impracticable to erect a corner post for one of the following reasons:

- 1. The nature or conformation of the ground makes the erecting of a corner post impracticable.
- 2. The true location of the corner falls within a body of water.
- 3. The corner is inaccessible because of incumbent surface rights.

(2) The witness posts shall be erected at the nearest practicable points to the true corner on each boundary of the claim so that the extensions of each boundary to the corner will intersect.

(3) The first erected witness post shall bear the same marking and tag as that required for a corner post at the true corner, together with the letters "WP" and an indication of the direction and distance of the site of the true corner from the witness post.

(4) The other witness post shall bear the letters "WP", the corner post number for the true corner and an indication of the direction and distance of the site of the true corner from the witness post. O. Reg. 115/91, s. 10.

11.—(1) If the nature or conformation of the ground at the true location of a line post makes the erecting of a line post impracticable, a line post need not be erected at that location if a witness post is erected on the claim boundary on each side of the impracticable area at the nearest practicable point to the true location.

(2) If the true location of a line post falls within a body of water, a line post need not be erected at that location if a witness post is erected on the claim boundary on each side of the body of water at the nearest practicable point to the true location.

(3) If the true location of a line post is inaccessible because of incumbent surface rights, a line post need not be erected at that location if a witness post is erected on the claim boundary on each side of the incumbent surface rights boundary at the nearest practicable point to the true location. O. Reg. 115/91, s. 11.

12.—(1) Every claim post used for staking a mining claim shall stand 1.2 metres above the ground when erected, be squared or faced on four sides for thirty centimetres from the top, and be ten centimetres in diameter within the squared section.

(2) Claim posts shall be erected only by a licensee.

(3) Every claim post shall be a post or standing stump not previously used as a post for a mining claim.

(4) Commercial timber may be used for claim posts in areas where it is impracticable or undesirable to cut down trees. O. Reg. 115/91, s. 12.

13.—(1) A licensee staking a claim using metal tags,

- (a) shall affix to each corner post the appropriately numbered tag in accordance with subsection 8 (2); and

(4) A licensee staking a claim using metal tags shall inscribe on the line post tag attached to each line post the claim number and the direction and distance from the corner post from which the licensee is proceeding.

(5) A licensee staking a claim without using metal tags shall inscribe upon each line post his or her licence number and the direction and distance from the corner post from which the licensee is proceeding.

(6) Inscriptions and line post tags on line posts shall be located,

- (a) on the south face of any line post erected between the No. 1 corner post and the No. 2 corner post;
- (b) on the west face of any line post erected between the No. 2 corner post and the No. 3 corner post;
- (c) on the north face of any line post erected between the No. 3 corner post and the No. 4 corner post; and

(8) Inscriptions and metal tags shall be located on the same side of a claim post. O. Reg. 115/91, s. 13.

14.—(1) If metal tags are affixed to the corner posts and line posts at the time of staking out a mining claim, the licensee who staked out the claim shall so indicate in the application to record the claim.

(2) If metal tags are not used at the time a mining claim is staked out, as soon as possible after the recording of the claim but not later than six months thereafter, the holder of the claim,

- (a) shall affix or cause to be affixed to each corner post of the claim a corner post tag inscribed with the recorded number of the claim; and
- (b) shall affix or cause to be affixed to each line post of the claim a line post tag inscribed with the information specified in subsection 13 (5). O. Reg. 115/91, s. 14.

15.—(1) If a licensee uses metal tags in staking out a group of two or more contiguous mining claims and the licensee applies to record the claims at the same time, the licensee may erect common posts at common corners or at common line post or witness post locations if,

- (a) the corner post tag and the inscription pertaining to each claim are placed on the side of the common corner post facing the next corner post for that claim in a clockwise manner;

(4) A recorder who issues a certificate referred to in subsection (3) shall enter the certificate in his or her books with its date of issue. O. Reg. 115/91, s. 16.

17. If it appears that a licensee has attempted in good faith to comply with the Act and this Regulation, a mining claim of the licensee is not invalidated by,

- (a) the inclusion in the claim of an area of more or less than the applicable size specified in section 2 or 5; or
- (b) the failure of the licensee to describe or set out the actual area or parcel of land staked out in the application to record the claim or the sketch or plan accompanying the application. O. Reg. 115/91, s. 17.

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the

Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7 (4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10 (1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

ENVIRONMENTAL ASSESSMENT ACT**O. Reg. 148/91.**

Exemption—The Corporation of the City of Guelph—GUEL—C-1.

Made—March 28th, 1991.

Approved—March 28th, 1991.

Filed—April 5th, 1991.

**ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACT**

**EXEMPTION — THE CORPORATION OF THE CITY OF
GUELPH — GUEL—C-1**

Having received a request from The Corporation of the City of Guelph (the "City"), that an undertaking, namely:

The continued operation, as an interim measure, and closure of the existing and approved, City of Guelph Eastview Road Sanitary Landfill Site, situated on the south half of lots 4 and 5, Concession 5, Division "C", City of Guelph and the north half of lots 4 and 5, Concession 5, Division "C", Township of Guelph, for the disposal

of municipal, commercial and solid non-hazardous industrial waste, with the changes as described in the Report entitled "*The City of Guelph Request for a Section 29 Exemption from the Environmental Assessment Act For the Continued Operation and Closure of the Eastview Road Sanitary Landfill*", dated February 1990, prepared by Gartner Lee Limited,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the City that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The City will be subject to delay and expense if it is required to prepare an environmental assessment for the interim undertaking.
- B. The Corporation of the County of Wellington and the City will be subject to unnecessary delay and expense in implementing their long-term waste management program.
- C. The current users of the site who are located in the City, the Town of Fergus, the Village of Elora and the townships of Guelph, Eramosa, Erin, Nichol, Peel and Pilkington will be without a municipal waste disposal facility.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The continued operation of the existing landfill is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.
- B. Alternatives have been investigated.
- C. A public hearing under Part V of the *Environmental Protection Act* for the approval of the continued operation will be held.
- D. It is the intention of the proponent that a long-term waste management program be pursued in accordance with applicable legislation and that sufficient elements of the program will be implemented prior to the conclusion of the exempt undertaking.

This exemption order is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. No waste shall be deposited at the Eastview Road landfill pursuant to this order more than five years after the date of the first Provisional Certificate of Approval or Certificate of Approval is issued for the purpose of this order.
4. The City proceed expeditiously to complete and obtain all necessary approvals for the implementation of a long-term waste management program in accordance with applicable legislation within the interim period specified in condition 3.
5. The City shall file an annual report to the Director, West Central Region, Ministry of the Environment, outlining the City's progress in achieving leachate abatement at the existing site and progress in implementing a long-term waste management program; a copy of the reports shall also be given to the Director, Approvals Branch, Ministry of the Environment.
6. In preparing material and carrying out studies for its application under Part V of the *Environmental Protection Act*, the City shall consult with any public authorities and groups who express an interest therein and provide them with copies of all relevant material. O. Reg. 148/91.

COMPOSITION GOALS, HIRING GOALS AND POSITION GOALS

5.—(1) If a result greater than or equal to one would be obtained by multiplying the number of persons employed in a police force by a prescribed group's representation in the community and then dividing the product by 100, the employment equity plan of the police force shall establish a composition goal determined in accordance with this section for the number of persons who are members of the prescribed group who will be employed in the police force at the end of the plan period.

(2) If a composition goal is required for a prescribed group under subsection (1), the employment equity plan of the police force shall commit the police force to the principle that members of the prescribed group should be employed at all levels of the police force.

(3) If a composition goal is required for a prescribed group under subsection (1) and a result greater than or equal to one would be obtained by multiplying the number of persons employed in the uniform occupational group by the prescribed group's representation in the community and then dividing the product by 100, the employment equity plan of the police force shall establish a composition goal determined in accordance with this section for the number of persons who are members of the prescribed group who will be employed in the uniform occupational group at the end of the plan period.

(4) If a composition goal is required for a prescribed group under subsection (1) and a result less than one would be obtained by multiplying the number of persons employed in the uniform occupational group by the prescribed group's representation in the community and then dividing the product by 100, the employment equity plan of the police force shall establish a composition goal determined in accordance with this section for,

- (a) the number of persons who are members of the prescribed group who will be employed in the uniform occupational group at the end of the plan period; or
- (b) the number of persons who are members of the prescribed group who will be employed in the civilian occupational group at the end of the plan period.

(5) If a composition goal is required for a prescribed group under subsection (1) and a result greater than or equal to one would be obtained by multiplying the number of persons employed in the civilian occupational group by the prescribed group's representation in the community and then dividing the product by 100, the employment equity plan of the police force shall establish a composition goal determined in accordance with this section for the number of persons who are members of the prescribed group who will be employed in the civilian occupational group at the end of the plan period.

(6) A composition goal for a prescribed group shall be determined in accordance with the principle that the percentage of persons employed in the police force, in the uniform occupational group or in the civilian occupational group, as the case may be, who are members of the prescribed group should be equal to the prescribed group's representation in the community, subject to the number of hiring opportunities that are expected to be available during the plan period.

(7) A composition goal for a prescribed group and occupational group may be zero only if,

- (a) there are no members of the prescribed group employed in the occupational group at the time goals are established;
- (b) the hiring goal established under section 6 for the prescribed group and occupational group is zero; and
- (c) the sum of the hiring goals established under section 6 for other prescribed groups and the same occupational group is greater than or equal to the number of hiring opportunities expected to be available in the occupational group during the plan period.

(8) Composition goals established under this section for women shall include women who also belong to other prescribed groups and composition goals established under this section for aboriginal persons, members of a racial minority and persons with a disability shall include members of those prescribed groups who are women.

(9) For every composition goal established under this section, the employment equity plan shall indicate,

- (a) the number of persons included in the composition goal who will be employed in each appointment type; and
- (b) in the case of a composition goal for aboriginal persons, members of a racial minority or persons with a disability, the number of persons included in the goal who are men and the number who are women. O. Reg. 153/91, s. 5.

6.—(1) The employment equity plan of every police force shall establish, for each composition goal required by subsection 5 (3), (4) or (5) for a prescribed group and occupational group, a hiring goal determined in accordance with this section for the number of members of the prescribed group who will be hired in the occupational group during the plan period.

(2) A hiring goal for a prescribed group and occupational group shall not be less than the number required to make the percentage of persons expected to be hired in the occupational group during the plan period who are members of the prescribed group equal to the prescribed group's representation in the community.

(3) Subsection (2) does not apply to a hiring goal if,

- (a) the percentage of persons employed in the occupational group at the time goals are established who are members of the prescribed group is greater than the prescribed group's representation in the community; or
- (b) the minimum hiring goal determined under subsection (2), if achieved, would result in the percentage of persons expected to be employed in the occupational group at the end of the plan period who are members of the prescribed group being greater than the prescribed group's representation in the community.

(4) If clause (3) (b) applies to a hiring goal, the hiring goal shall not be less than the number required to make the percentage of persons expected to be employed in the occupational group at the end of the plan period who are members of the prescribed group equal to the prescribed group's representation in the community.

(5) A hiring goal for a prescribed group and occupational group may be zero only if,

- (a) no hiring opportunities are expected to be available in the occupational group during the plan period;
 - (b) the percentage of persons employed in the occupational group at the time goals are established who are members of the prescribed group is greater than the prescribed group's representation in the community; or
 - (c) all hiring opportunities expected to be available in the occupational group during the plan period are to be used to achieve the minimum hiring goals required for other prescribed groups by subsections (2) and (4).
- (6) If an unusually large number of members of a prescribed group is expected to cease employment in an occupational group during the plan period and the percentage of persons employed in the occupational group at the time goals are established who are members of the prescribed group is less than the prescribed group's representation in the community, the hiring goal for the prescribed group and occupational group shall be increased, to the extent the police force considers possible, to offset the number of members of the prescribed group who are expected to cease employment.
- (7) Nothing in subsection (6) permits any other hiring goal to be reduced.
- (8) Hiring goals for women shall include women who also belong to other prescribed groups and hiring goals for aboriginal persons, members of a racial minority and persons with a disability shall include members of those prescribed groups who are women.
- (9) For every hiring goal established under this section, the employment equity plan shall indicate,
- (a) the number of persons included in the hiring goal who will be employed in each appointment type; and
 - (b) in the case of a hiring goal for aboriginal persons, members of a racial minority or persons with a disability, the number of persons included in the goal who are men and the number who are women.
- (10) The employment equity plan of every police force shall require that, during the plan period, if the number of hiring opportunities that were expected to be available in an occupational group during the plan period turns out to have been underestimated, the police force shall revise the hiring goals established under this section for the occupational group, in accordance with the provisions of this section that apply to the determination of hiring goals.
- (11) The employment equity plan of every police force shall set out the steps that will be taken to achieve the hiring goals established under this section, including the steps that will be taken to monitor progress towards the goals,
- (a) during the period from the 1st day of July, 1992 to the 31st day of December, 1992 and during the period from the 1st day of January, 1993 to the 31st day of December, 1993, in the case of an employment equity plan required under subsection 12 (1) to be submitted to the Solicitor General before the 1st day of May, 1992; and
 - (b) in any other case, in each year of the plan period. O. Reg. 153/91, s. 6.
- 7.—(1)** This section applies only to a police force that has fifty or more employees at the time goals are established under sections 5 and 6.
- (2) If, for a police force to which this section applies, a result greater than or equal to one would be obtained by multiplying the number of persons employed in a position category by a prescribed group's representation in the community and then dividing the product by 100, the employment equity plan of the police force shall establish a composition goal in accordance with this section for the number of members of the prescribed group who will be employed in the position category at the end of the plan period.
- (3) The sum of the composition goals established under this section for a prescribed group and position categories that are within an occupational group shall not be less than the composition goal established under section 5 for the prescribed group and occupational group.
- (4) For the purpose of complying with subsection (3), the employment equity plan of a police force to which this section applies may establish, in addition to the composition goals required by subsection (2), a composition goal determined in accordance with this section for the number of members of a prescribed group who will be employed in a position category at the end of the plan period.
- (5) A composition goal for a prescribed group and a position category shall be determined in accordance with the principle that the percentage of persons employed in the position category who are members of the prescribed group should be equal to the prescribed group's representation in the community, subject to the number of hiring and promotion opportunities that are expected to be available for the position category during the plan period.
- (6) A composition goal for a prescribed group and position category may be zero only if,
- (a) there are no members of the prescribed group employed in the position category at the time goals are established;
 - (b) the position goal established under subsection (7) for the prescribed group and position category is zero; and
 - (c) the sum of the position goals established under subsection (7) for other prescribed groups and the same position category is greater than or equal to the number of hiring and promotion opportunities expected to be available in the position category during the plan period.
- (7) The employment equity plan of a police force to which this section applies shall establish, for each composition goal established under subsection (2) or (4) for a prescribed group and position category, a position goal determined in accordance with this section for the number of members of the prescribed group who will be hired for or promoted to the position category during the plan period.
- (8) A position goal for a prescribed group and a position category shall not be less than the number required to make the percentage of persons expected to be hired for or promoted to the position category during the plan period who are members of the prescribed group equal to the prescribed group's representation in the community.
- (9) Subsection (8) does not apply to a position goal if,
- (a) the percentage of persons employed in the position category at the time goals are established who are members of the prescribed group is greater than the prescribed group's representation in the community; or
 - (b) the minimum position goal determined under subsection (8), if achieved, would result in the percentage of persons expected to be employed in the position category at the end of the plan period who are members of the prescribed group being greater than the prescribed group's representation in the community.
- (10) If clause (9) (b) applies to a position goal, the position goal shall not be less than the number required to make the percentage of persons expected to be employed in the position category at the end of the plan period who are members of the prescribed group equal to the prescribed group's representation in the community.
- (11) A position goal for a prescribed group and a position category may be zero only if,
- (a) no hiring or promotion opportunities are expected to be available for the position category during the plan period;
 - (b) the percentage of persons employed in the position category at the time goals are established who are members of the pre-

scribed group is greater than or equal to the prescribed group's representation in the community; or

- (c) all hiring and promotion opportunities expected to be available for the position category during the plan period are to be used to achieve the minimum position goals required for other prescribed groups by subsections (8) and (10).

(12) If an unusually large number of members of a prescribed group is expected to cease employment in a position category during the plan period and the percentage of persons employed in the position category at the time goals are established who are members of the prescribed group is less than the prescribed group's representation in the community, the position goal for the prescribed group and position category shall be increased, to the extent the police force considers possible, to offset the number of members of the prescribed group who are expected to cease employment in the position category.

(13) Nothing in subsection (12) permits any other position goal to be reduced.

(14) Composition goals and position goals established under this section for women shall include women who also belong to other prescribed groups and composition goals and position goals established under this section for aboriginal persons, members of a racial minority and persons with a disability shall include members of those prescribed groups who are women.

(15) For every composition goal and position goal established under this section, the employment equity plan shall indicate,

- (a) the number of persons included in the goal who will be employed in each appointment type; and
- (b) in the case of a goal for aboriginal persons, members of a racial minority or persons with a disability, the number of persons included in the goal who are men and the number who are women.

(16) The employment equity plan of every police force shall require that, during the plan period, if the number of hiring and promotion opportunities that were expected to be available for a position category during the plan period turns out to have been underestimated, the police force shall revise the position goals established under this section for the position category, in accordance with the provisions of this section that apply to the determination of position goals.

(17) The employment equity plan of a police force to which this section applies shall set out the steps that will be taken to achieve the position goals established under this section, including the steps that will be taken to monitor progress towards the goals,

- (a) during the period from the 1st day of July, 1992 to the 31st day of December, 1992 and during the period from the 1st day of January, 1993 to the 31st day of December, 1993, in the case of an employment equity plan required under subsection 12 (1) to be submitted to the Solicitor General before the 1st day of May, 1992; and
- (b) in any other case, in each year of the plan period. O. Reg. 153/91, s. 7.

- « (1) L'enfant qui a au moins douze ans mais moins de seize ans et qui est un malade en cure facultative dans un établissement psychiatrique peut, s'il ne l'a pas fait au cours des trois mois précédents, présenter une requête sur la formule prescrite pour demander au conseil de révision de mener une enquête afin de déterminer si l'enfant a besoin d'être mis en observation, de recevoir des soins et de suivre un traitement dans l'établissement psychiatrique.
- (2) À la fin des six mois qui suivent soit l'admission de l'enfant à l'établissement psychiatrique à titre de malade en cure facultative, soit la dernière requête présentée par l'enfant en vertu du paragraphe (1), selon la dernière de ces éventualités à se réaliser, l'enfant est réputé avoir présenté une requête au conseil de révision sur la forme prescrite, conformément au paragraphe (1).
- (3) Pour déterminer si l'enfant a besoin d'être mis en observation, de recevoir des soins et de suivre un traitement dans l'établissement psychiatrique, le conseil de révision étudie :
